

The Comprehensive Resource Guide for the Visual Media Industry of Northern California

MEMBER EDITION

Visual Media Guide

2015 Members Edition

Welcome to the 2015 Visual Media Guide Members Edition

While sourcing can be global today, we believe that there are resources closer to home that can often resolve your communications needs. But you need to know what products and services exist.

Visual Media Guide is the premier resource for creative, web media, marketing and print production professionals. Inside lists over 750 companies providing these services throughout Northern California and Northern Nevada.

What's Inside

About Visual Media Alliance v

VMguide Buyers Edition 1

This section highlights the premier VMA member companies.

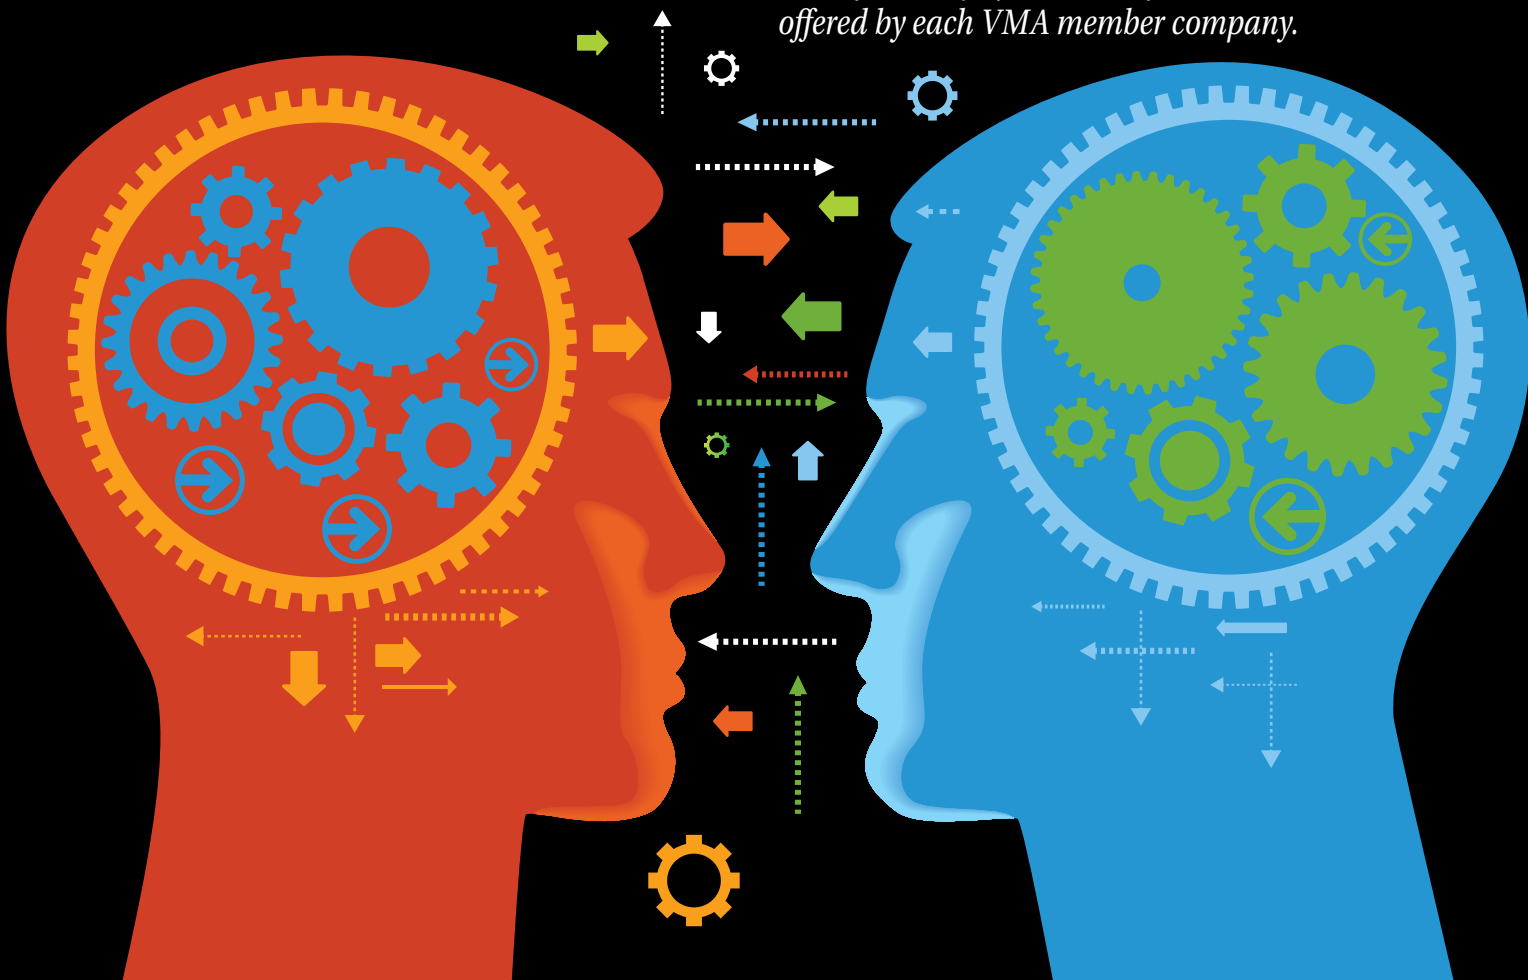

Products and Services Index 125

This section lists all the services provided by our member companies.

Trade Graphic Finishers Insert .. Tab 4

Member Listings189

This section lists contact information, company description, equipment and products and services offered by each VMA member company.

Production Notes

Buyers Edition

Commerce Printing Services produced the 2015 VMA Buyers Guide on a 6 Color Mitsubishi Diamond 3000, 40" with in-line aqueous coating on 70# Sterling Velvet Book. Cover stock is 80# Sterling Gloss Cover, both from Veritiv. Commerce Printing Services is a FSC certified leader in environmentally responsible printing, having one of the lowest carbon footprints in the market, thanks to their state-of-the-art pressroom technology, utilizing 100% wind powered energy and printing with vegetable based inks.

Members Edition

ePAC prints the Members Edition on #70 Husky Smooth Offset on an Océ Digital Web 9210. ePAC is redefining the printing industry with the latest advances in digital printing and information technology to meet the changing needs of today's market.

Steve Sprinkel
Sprinkel Media Network, Emerald Hills

Northern California rocks!

It's a world-class location.

Right here in our back yard are the biggest and brightest household names of the high tech industry. Apple, Google, Facebook, Twitter and Instagram are just a few. Our biotech industry is number one. Our entrepreneurship and startup culture is legendary. Our retailers are trendsetting.

Our businesses need companies to provide the creative marketing solutions that drive growth and sales.

There are 750 firms listed on the next 120 pages that have the experience, know-how and desire to do so.

Take a look and be both inspired and impressed by the range and talent the members of Visual Media Alliance (VMA) offer their clients. **Your company could be one of them, too.**

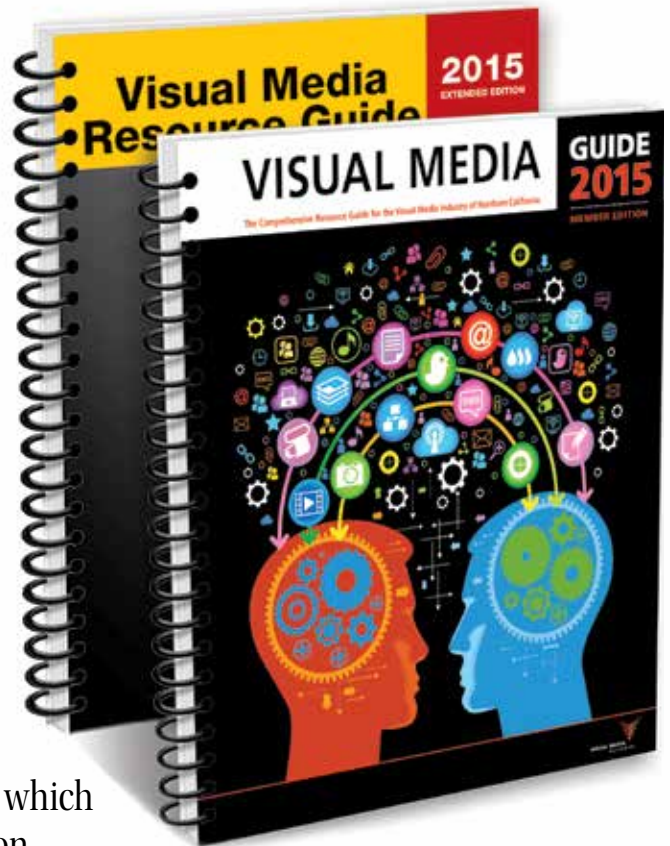

Sometimes print is best.

We publish three print versions of Visual Media Guide. This version of the guide illustrates the breadth and depth of our premier member firms. They are ready to help you with all your communications needs. Browse or search using the Products and Services index and you'll find experts in:

-  Marketing and brand development
-  Website design and development
-  Graphic design for print and online campaigns
-  Label design and printing
-  Package design and printing
-  Commercial and publication printing

Two companion print versions are also available.

The VMguide wire-bound comprehensive version, which includes company descriptions, contact information, equipment, and products and services for every VMA member. The Western US version, a directory, organized by products and services and includes the 2,500 member companies of the western affiliates of the Printing Industry of America.

Sometimes online is best.

VMAccess.org is our new online version of the *VMguide* for your desktop computer, and now optimized for mobile. Search from your phone or tablet.

Since VMAccess.org is powered by PrintAccess.com, the largest nationwide database of visual communications resources, you can easily find companies outside our area. Over 5,000 firms are listed, representing over 500 capability and product specialties. And the map-based search lets your fingers do the zooming.

So why VMA?

Is your firm included in this publication?

If not, why are you missing out on the exposure that this guide's 8,000 media-buyer distribution brings? And the additional exposure that 12,000 visitors to VMAccess.org brings every month?

But this guide is just one reason **Why VMA**. Our mission is to make your life easier. To do that we provide these five essential benefits of membership:

- Networking and collaborating with peers at our Storyboard SF, creative or marketing conferences and meet-ups.
- Complementary exposure in all versions of the *VMguide* and VMAccess.org. And for creative firms, additional exposure in our VMAStoryboard.com website, *Storyboard Magazine* and *Lookbook*.
- Discounts on business essentials like software, equipment, office services and educational programming.
- Group health, business and life insurance at exclusive, member-only rates. (Yes, better than Obamacare or your current broker.)
- Business services that include human resources advice and payroll.

Wishing you could spend more time on the creative and less on the business?

Spending too much time on healthcare or payroll? ***We can help with that.***

HR issues distracting you from your real business? ***We can help with that, too.***

Looking for new ways to save money? ***We can really help with that! The return on our member discount programs is so good, they more than offset your membership fee.***

Too busy to network and learn from others? ***We can help there too. We produce stellar creative and marketing events for our industry.***

Meet peers, have fun.

*Have fun at our
Crab Feed
Golf Tournament
SF Giants Tailgate
and Game
Bowling Tournament
Meet Ups*

Visual Media Alliance hosts numerous events ranging from social to professional to allow you to connect, interact, and network with each other to gain the skills, tools and techniques needed to improve your skills and advance your career.

Learn from experts.

*Sharpen your skills at
Java & Jabber

Constructive Cocktails
Dinner Meetings
Sales Club
Women in Business
Communications*

Okay, who are you guys?

Visual Media Alliance is a non-profit trade association for creative, web media, marketing and print businesses. Our mission is to help firms just like yours. Our boss is our board of directors, which is made up of business people representing all facets of visual communications, just like you.

So, why not? You can sign up for a VMA Company Membership. Or we have a VMA Storyboard Membership for individuals, who are working on their own or for someone else in creative or marketing businesses. Membership starts at just \$75 year. To join, go to VMA.bz and sign up online.

**MOQUIN
PRESS**

The Future of Print

With the best crew and newest technology, **Moquin Press** is the **premier print solution** for **Northern California.**

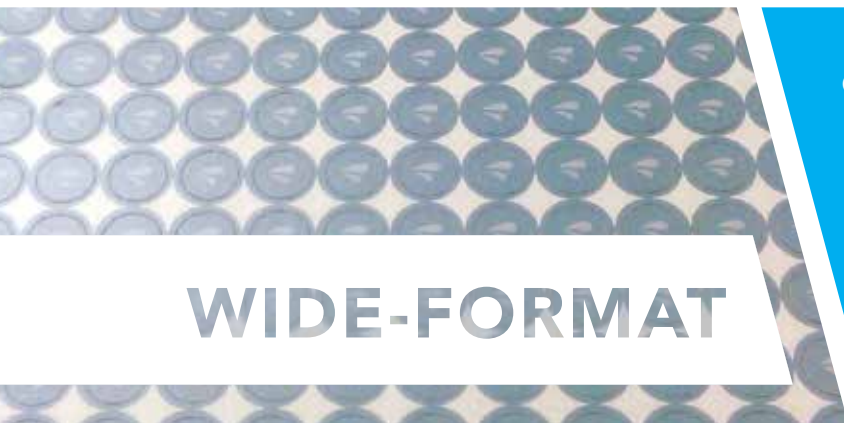

LITHO

Big news! We've just added a Heidelberg Anicolor to our line up of full-size, 6-color conventional and UV sheet fed presses - for litho quality with digital turn times. We print on both paper and synthetic substrates, with a variety of coatings.

The digital revolution is here, with HP Indigo quality, substrate flexibility, and variable data to customize individual pieces any way you like. And, as with any job, we can add die cutting, folding, special finishing and even foil to any project.

DIGITAL

WIDE-FORMAT

Our Vutek GS3250 can print on **ANYTHING** but air and water! Print up to two inches thick and 10 feet wide! Wall graphics, aisle & POP displays and whatever else you can dream up! Craft multi-part "life-size" products with acrylics, wood, or foam. **If you can imagine it, we can do it.**

Products and Services Index

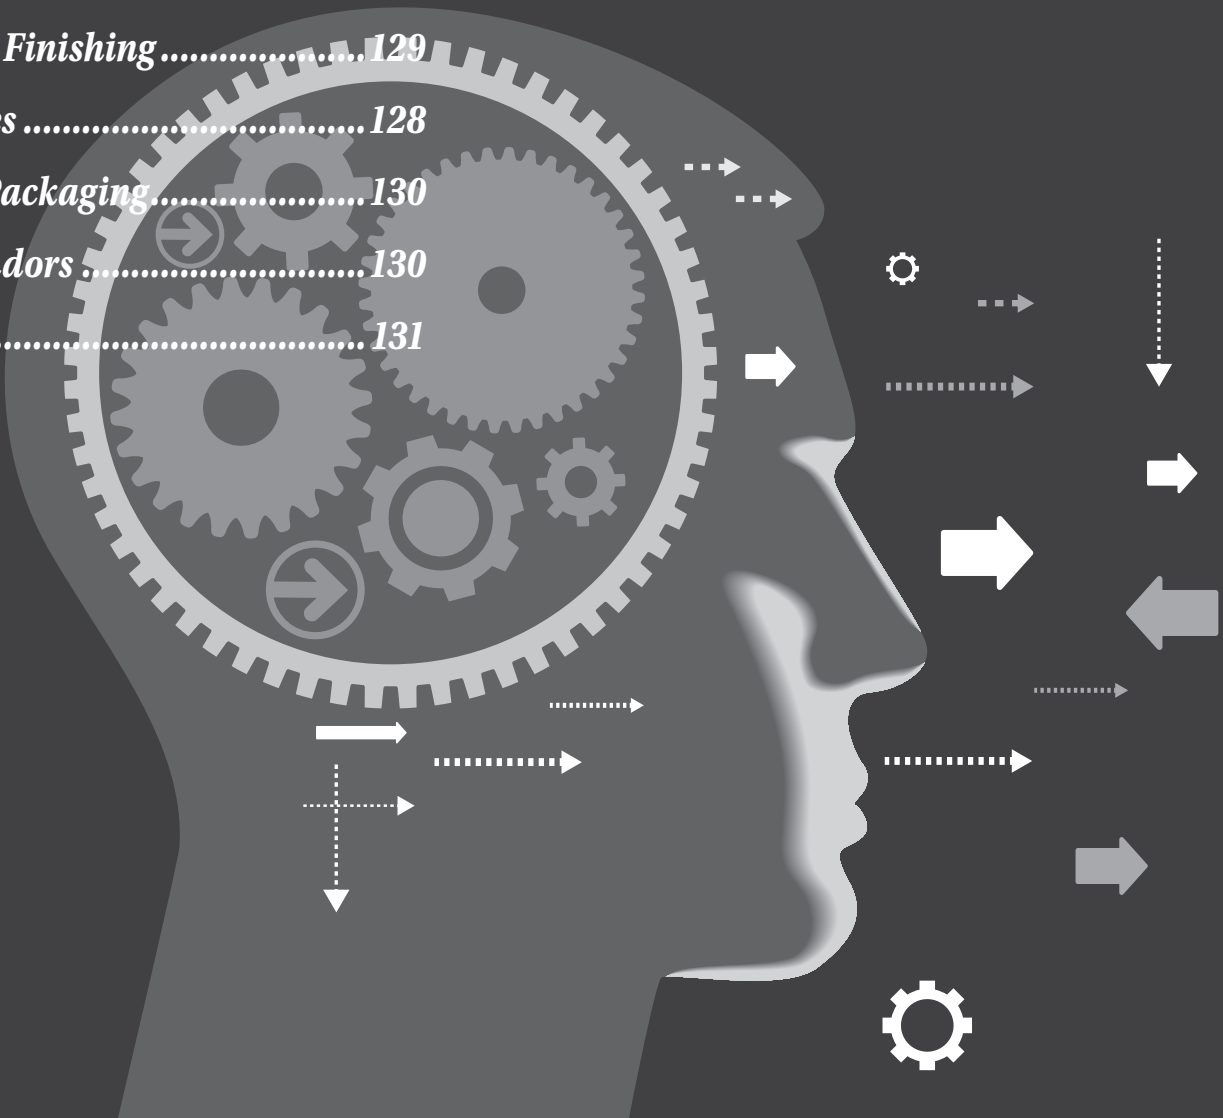

What is the Products and Services Index? This section is designed to help you find the VMA members providing the services you are looking for. The index includes every member of VMA and is sorted by services, products and location. To use this index:

1. Go to the Table of Contents starting on page 127. It is divided into six main categories:

	Page
<i>Creative Services</i>	<i>127</i>
<i>Binding and Finishing</i>	<i>129</i>
<i>Print Services</i>	<i>128</i>
<i>Labels and Packaging</i>	<i>130</i>
<i>Industry Vendors</i>	<i>130</i>
<i>Products</i>	<i>131</i>

2. Browse the list of services in the category that best suits your needs. Select the service and turn to the page where it begins. You'll find all the companies offering that product or service listed by region. (See region map on the next page.)

3. Learn more about the companies in which you are interested, by turning to the page number appearing before the phone number.

The regions we cover.

VMA serves Northern California and Northern Nevada. The region is divided into 9 areas, which are designated by numbers in the index. The map below shows each area and its number.

123RF is a royalty-free digital media library that offers a wide variety of budget-friendly commercial and editorial images, video footage, audio clips, logo designs and illustrations.

Our library currently hosts more than 22 million Royalty-Free digital assets ready at a click of a button, to be used for any application from advertising campaigns to audiovisual montages.

123RF is updated with over 35,000 fresh content daily which gives photographers, illustrators, designers, videographers and audio artists the opportunity to upload and display their creative productions; promoting them to a worldwide audience.

For a single subscription fee, clients can get immediate access to a wealth of high-resolution images. Alternatively, they may purchase credit packages and subscription plans on different price tiers to best suit their budgets.

besco@jps.com

Specializing in the repair and installation of all bindery equipment. Sales of Bindery, Print and Web Press equipment. Manufactures of specialty equipment and replacement parts. We have worked hard to bring you the right products at the right price. In fact, we are the only bindery supply that will **"post their pricing openly on-line"**. Our competitors are tied to the OEM's pricing, which is why you need to **"call for pricing"**. That way you'll always get the new OEM pricing or 10% off??

We, at BESCO, lower our prices as production and quality improve, regardless of OEM prices.

We are the manufacturer. We control our own pricing. If you have any questions for us about our company or about your fold rollers call us. 2 Employees.

(415) 364-6300
FAX (415) 362-2078

Blurb offers the best and simplest way for every person and community to express their knowledge, creativity and life experiences in a book, and share that book with the world. We are an entirely new way to create, publish, share and sell your knowledge, creativity and ideas.

Blurb's BookSmart software makes it possible for anyone to drag and drop pictures and text into professionally designed books with customizable backgrounds, page layouts, and color palettes. Individuals, friends, non-profits, schools, religious and charitable organizations can now use BookSmart to create all kinds of books for sharing, for profit and fundraising, including cookbooks, blog books, baby books, portfolios, and special event books.

In 1903, a small print shop took its name from the best reproduction process of the day, Collotype. Today that print shop has grown to become one of the world's most awarded premium label printers. We have driven many of the innovations that have seen labels evolve from a simple description of content to 'little works of art' playing a vital role in the marketing mix. 110 Employees.

COMMERCIAL and PUBLICATION PRINTER

As more and more businesses assume their ecocentric responsibilities, rest assured that Commerce Printing Services is with you every step of the way. Our utilization of vegetable-based inks, paired with one of our FSC certified papers, assures your finished product will be created with the utmost concert for our environment. We take pride in earning our FSC certification, for not many printers have gone through this process. Consider Commerce Printing Services for your next job, and you can be certain your decision will be environmentally sound. We feature design, printing, bindery and mailing all under one roof, and pricing within reason. Certified Small Business (State of California, DGS). Certified HUB Zone Manufacturer. Union Shop. 52 employees. 40,000 square foot facility.

In this ever-changing marketplace, it is vital that your image in print represents you well. Trust us to give you the quality you deserve and our innovative service, all at an excellent value.

Our clients have certainly benefited from our experience and expertise gained over our 50 years in business. We approach each request individually, offering suggestions along the path to completion which may help enhance what they wish to achieve.

Printing is not a commodity, and neither is your image. Let us blend your creativity with our talent and create a unique brand for you in print.

Welcome to a new era of printing with Delta Web Printing-River City Printers, and our newest Paul Baker Printing. All owned and operated by Jim Davis and Kasey Cotulla.

At Delta Web Printing, we specialize in newsprint printing, book printing, catalogs and directories of all sizes and quantities on uncoated papers. We have a long history as a reliable trade resource for brokers and printers and have no commissioned sales people, guaranteeing you will work closely with the company owners and staff. Our sister operation River City Printers, LLC, complements us with the ability to produce full color offset printing on coated and uncoated substrates and has also been a reliable source for brokers, printers and mailhouses. Our newest company Paul Baker Printing specializes in digital printing and large format sheetfed printing.

Three companies, one vision...Responsiveness - Horsepower - Results. 30 Employees.

FAX (559) 324-9361
rosemarie@digitalattic.com

Digital Attic is a full-service production company that provides advertising agencies, marketing companies and businesses of all sizes with the tools, equipment and professionalism needed to produce high quality marketing materials.

Digital Attic has been successfully helping companies utilize multimedia as a tool to market to their customers since 1992. We were the first animation and video production facility in Central California, Digital Attic's focus soon included the exciting new opportunities found in the booming Internet market. Digital Attic's arsenal of services expanded into web site development in 1995, building some of the first web sites in Central California.

With years of web site development experience, Digital Attic is one of the premier web site and multimedia development companies in the country. Our experience has stretched from Central California to the East Coast, and even further to Great Britain where we designed one of the largest health web sites in the world.

While we do work for billion dollar companies, we especially enjoy taking a small start-up company and growing them in size and profitability.

Desire. Determination. Dedication. DMAX.

We are the graphic arts professionals who make your final product truly reflect the original creative intent accurately, predictably and promptly. From complex 3D image rendering for print, to web based advertising, to color matching and fine retouching for product, high tech and fashion campaigns, DMAX's responsive team provides intelligent, artistic, and creative solutions.

The Interactive team offers a full range of interactive development services including custom website and microsite builds, content management systems, social network integration, gadgets and widgets, kiosk systems, desktop applications, and banner advertisements.

Normal business hours are 6:00 am to 1:00 am daily Monday through Friday, but we work 24/7 as necessary, just like our clients.

Gilbert Lawrence
(888) 703-9977
lgilbert@element3marketing.com

Our expertise lets us present a more scientific truth: if you combine the right marketing elements, in the right proportions, you can attract and influence your customer at every stage of his or her buying cycle. From your customer's viewpoint, his decision process is a single flow, over time. When you can reach out and touch that flow at the right points, you can influence it, and the outcome looks like magic. Because the new business that results is the lifeblood which feeds all your highest aspirations.

FLIPit 123 Software allows you to produce online, browseable documents which can be viewed from any of the major current generation web browsers, including Internet Explorer, Firefox, Chrome and Safari. Documents can also be viewed on Apple iOS devices such as iPhone, iPad, and iPod Touch, and Android-based devices such as phones and tablets. Support for all these devices is possible because FLIPit uses HTML5 rather than proprietary web technologies.

FolgerGraphics has three departments: 1) web offset printing plant, 2) Heidelberg commercial printing plant, 3) a Xerox Digital production plant with web site and video production. Located in two buildings on a 2.5-acre campus, FolgerGraphics provides everything from concept to completion: pre-press graphic design, image-setting, high quality proofing, computer to thermal plate technology, and printing and mailing.

We specialize in publications, newspapers, tabloids, magazines, booklets, brochures, catalogs, yearbooks, business printing and advertising collateral. Ink jet addressing, in-line tabbing and postal delivery round out our services which also include assembly, packaging and fulfillment. Green Printer. G7 Printer. 45 employees.

As one of the oldest printing brokers in the country, we're known for our hands-on approach with every project down to the smallest detail. For thirty five years, we've built relationships with manufacturers around the globe. That's why we can literally access a world of options, then narrow those into one customized solution that fits your criteria. That always includes the best quality for the best pricing. Call on Global Interprint for anything from a series of coffee table books to a specialty card. We'll make sure your project is museum-quality. (Even if your budget doesn't have much wiggle room.) 8 Employees.

The Glue-Folder® folds, glues and perforates plain paper output from computer printers into self mailers. When used as a spot glue system, the Glue-Folder® replaces tabbing and pressure-seal as a means of sealing standard mail. The Glue-Folder® can process up to 22,000 sheets per hour, capable of C-Fold, V-fold and Double parallel fold on a standard model.

Founded in 1939, Hewlett-Packard (HP) has fast become the world-leader in server, laptop and print technologies. With the addition of Indigo 10 years ago HP revolutionized the digital print market offering commercial printers the opportunity to create offset looking pieces with the benefits of digital printing.

Utilizing unmatched digital print technology from HP, you will quickly be able to produce eye-catching, highly customized commercial and direct mail printed pieces. The result? Better targeting and return rates that reach a wider audience for your customers.

***Design.** Our 100% PCRF premium papers will carry any design you can dream up to perfection. Pastel vignettes, bright fluorescents and metallics, bold hits of color: our papers embrace your image.*

***Print.** Front to back consistency, exceptional hold-out from saturated four color to sublime highlights; perf it, fold it, twist it: we developed our papers from the press and bindery back. You're gonna love the way it prints.*

***Sustain.** 100% Post Consumer Fiber, FSC, SFI, Green-e, Process Chlorine Free, Ancient Forest Friendly: by using New Leaf Paper you protect our forests and reduce the planet's footprint.*

We inspire, through our success, a fundamental shift toward sustainability in the paper industry. "Feel good about using paper again...and again."

Innovative people reinventing paper.

This year we celebrate our 25th anniversary!

We would like to thank our valued customers who come from all over the state to get the "On Line Team" experience. You have made On Line Bindery Northern California's Premier full service bindery. If you are not a current customer we invite you to join the team.

Our attention to detail and dedicated employees running the finest MBO, Muller Martini, Heidelberg, Bobst and Kolbus equipment assure your job is completed on time and on budget. Some of our many services include, but are NOT LIMITED TO:

1. DIE CUTTING UP TO 40"
2. PACKAGING DESIGN using our new Esko Design System with state of the art Kongsberg CAD table
3. GLUING/FOLDING OF CARTONS, FOLDERS, NECKERS AND PACKAGING
4. PUR LAYFLAT PERFECT BINDING
5. REMOIST/SEAM/FUGITIVE GLUING
6. MECHANICAL BINDING: WIRE-O®, PLASTIC COIL, SPIRAL AND COMB
7. SADDLESTITCHING
8. FOLDING
9. HANDWORK/FULFILLMENT

Keep up the Good Work! on your end and we'll help you get the ball to the goal on this end.

Join the team, call us today for all of your bindery and finishing needs.

Please see our tab pullout for all of the great services we offer and also your free gift!

The Pacific Sun weekly newspaper was founded in April 1963. As the second-oldest alternative newsweekly on the planet, originally conceived as a West Coast version of the Village Voice, which came along eight years earlier, the Sun has for half a century focused on Marin – its people, politics, the environment, education and the arts. Our goal is cover this unique community – to inform, and be informed by, our readers in a thoughtful, provocative, literate, witty and honest manner. 9 Employees.

Mike Nederhouser
 (801) 870-3317
mike.nederhouser@packsize.com

Packsize On Demand Packaging is revolutionizing the way companies package their products. We place a converting machine on a pack line with a stack of corrugated material that will make any size or style of box, pad, or partition. This system enables our clients to instantly create a box that is perfectly sized for their products - a great addition to any printing, kitting, or wide format facility.

- Overall packaging costs are reduced by an average of 35%
- Shipping costs and dimensional charges are substantially decreased
- The need for box inventory management is eliminated
- Void filler is minimized or eliminated
- Product damage is reduced

Packsize is making a positive impact globally through On Demand Packaging by fulfilling our vision of Smart Packaging for a Healthy Planet... 175 Employees.

Welcome to a new era of printing. Paul Baker Printing has recently joined the team of River City Printers, LLC and Delta Web Printing. All three companies are owned and operated by Jim Davis and Kasey Cotulla and complement each other with a wide array of equipment.

At Paul Baker Printing, we specialize in digital printing with our state of the art HP Indigo as well as large format sheetfed printing. We offer FSC Certification and a combined 600 years of printing experience. Our sister operation Delta Web Printing, complements us with the ability to produce small and large page count directories, newsletters, catalogs, brochures and direct mail on uncoated papers including newsprint. Our other sister company River City Printers, LLC complements us with the ability to produce full color web work and half size sheetfed work in all shapes and quantities.

Three companies, 1 vision...Responsiveness - Horsepower - Results.
28 Employees.

Karen Quade
(888) 626-3731
karen@perfectolabel.com

Diamond Springs, is a Family Owned and Operated label manufacturer located in Northern California. They have been in business since 1973. It began as a home business in the garage and have grown to fill a 2,500 sq. ft. warehouse. Founders, Pete and Marianne Chavez instilled in their children years ago a high standard of hard work and business ethics that they are proud to continue today. Perfecto's main goal is QUALITY and SERVICE and that will never change.

Pressure sensitive labels are available on a multitude of substrates and coatings. Additional features and capabilities include barcoding, consecutive numbering, doming, foiling, embossing, diecutting. Check out the extensive list of products and services in their online catalog. 8 Employees.

Putting ink to paper since 1984

But...here's my question:

How come printing a 36 page plus cover Corporate Brochure in five languages with embossing and foil...with four rounds of changes in five days can be problem free, running smooth-as-McCoy Silk...But...When you want to print a one-color business card for your best friend's wife...19 problems erupt!?

Either way: Happy to do both and all in between.

Print Strategy delivers direct mail and insert print communications to help marketers sell products and/or services. We help develop print specs that optimize press efficiency, paper economy and format functionality while promoting client message clarity. Print Strategy consistently lowers customer direct mail postage expense via its robust destination entry programs. In 15 years, we've printed over 1 billion inserts that advertise in catalogs, magazines and packages. Print Strategy's results-oriented process consistently delivers high-quality, cost-effective print communications, on-time and on-budget.

Our Niche - High quality, small format, short to medium run with excellent finishing touches like tight register hot foil stamping. Detailed flat and sculptured embossing along with precision die-cutting and traditional letterpress for numbering and faux engraving.

Quality and Service - We understand the demands of the Wine Industry and those companies that support it. Our first goal is to provide excellent service and timely response to your needs. We use the best materials, equipment and production techniques to insure the quality of your products. Our employees are skilled craftsmen and well versed in managing quality control during the production process.

Equipment and Services - Digital Pre-Press with Mac workstations using the most current industry software applications along with traditional Pre-Press to accommodate those customers who possess film or other forms of original art.

Technologies for Intelligent Marketing

PTI Marketing Technologies helps streamline marketing operations with Web-to-print and collateral management solutions that eliminate the manual processes for ordering, personalization, production and fulfillment of marketing communications materials. Your Customers can access a centralized store of marketing and promotional items and can create, edit, and order materials that fully comply with brand and regulatory requirements. MarcomCentral is integrated into many MIS systems like Pace, Hagen Monarch, Avanti and PressWise. MarcomCentral is also integrated into well known workflow tools like Xerox Free Flow, HP Production Flow, Prinect, Prinergy and EFI Workflow.

MarcomCentral is a registered trademark of PTI Marketing Technologies, Inc. MarcomCentral provides Corporate B2B, Retail and Specialty web to print ordering sites. MarcomCentral is a premier Web to Print and Digital Marketing Asset Management Technology.

FusionPro is a registered trademark of PTI Marketing Technologies, Inc. FusionPro is a widely known variable data solution that works with Adobe InDesign CS6-CS3, Quark and any Acrobat compliant PDF. FusionPro is used for creation of custom templates for MarcomCentral, variable data print, direct mail print, personalized letters. FusionPro Expression provides that unique image personalization effect like handwriting in the sand, skywriting in the sky, etc.

kasey@rcprint.net

Welcome to the new era of printing with River City Printers, LLC – Delta Web Printing, and our newest Paul Baker Printing. All owned and operated by Jim Davis and Kasey Cotulla.

At River City Printers, LLC we specialize in direct mail, doorhangers, letters, envelopes, inserts and political printing to name a few on both coated and uncoated substrates in all shapes and quantities. We have a long history as a reliable trade resource for brokers, printers and mailhouses and have no commissioned sales people, guaranteeing you will work closely with the company owners and staff. Our sister operation Delta Web Printing, complements us with the ability to produce small and large page count directories, newsletters, catalogs, brochures and direct mail on uncoated papers including newsprint. Our newest company Paul Baker Printing specializes in digital printing and large format sheetfed printing.

Three companies - One vision...Responsiveness - Horsepower - Results.

We love the immediate and lasting difference our work makes for our clients, for their customers, for the world. We grow businesses, tell stories, meet challenges, exceed expectations, change lives, explore wonder, help clients sleep well at night.

We're a creative strategic firm whose approach is built on collaboration, commitment and caring. We work with companies that value design thinking, that appreciate design's role as a competitive advantage, that embrace teamwork. Our clients tell us we take a big-picture, long-term view toward solving their business problems. Whatever the project, be it an annual report or a documentary film, we pour into it our passion and design thinking and energy. We make creative matter 10 Employees.

We've been in business since 1970. Over the past 40 years, we've helped a lot of small business owners. In 1970, we started as a deal newspaper that gave business owners a low-cost way to advertise over the expensive daily newspapers. Today, we designed our website in the same spirit as our newspaper: no articles, no frills, just great deals and great response for our clients! 14 Employees.

Sappi Fine Paper North America (SFPNA), known for innovation and quality, is a preeminent North American producer of coated fine and release papers and market pulp headquartered in Boston, Massachusetts. Its coated fine papers, with highly recognized brand names such as McCoy, Opus, Somerset and Flo, are used in premium magazines, catalogs, books and high-end print advertising. The company is also the world's leading supplier of release papers for the automotive, fashion and engineered films industries, including the globally recognized Ultracast brand. Sappi's release papers provide the surface aesthetics for synthetic fabrics used in footwear, clothing, upholstery and accessories, as well as the textures for decorative laminates found in kitchens, baths, flooring and other decorative surfaces. An integrated pulp and paper producer, with state-of-the-art pulp mills, Sappi is the third largest seller of hardwood pulp in North America.

Sappi Fine Paper North America is a subsidiary of Sappi Limited, a global company headquartered in Johannesburg, South Africa, with manufacturing operations on four continents in eight countries, sales offices in 35 countries, and customers in over 100 countries around the world.

Seven Design exists to create the most thoughtful, innovative and engaging experiences. We are a solid team that puts design thinking at the core of all aspects of our work. The result is branding, content, design and technology that is clear, compelling and above all inspires connections. When we engage with a client we listen to understand, we offer solutions that we believe in, we collaborate and ultimately, we deliver. Operating out of Sausalito, CA, Seven Design invites clients to share the view and get some work done to move their brands forward. How can we help you? 10 Employees.

SF Pop Show

936 B Seventh Street, #176
Novato, CA 94945
<http://www.sfpopshow.com>

Joann Brandis
(415) 532-8809
joann@graphic-source.com

The San Francisco POP Show, held since 1947, recognizes the key innovators in brand marketing and retail displays. A prestigious panel of judges comprised of producers, brand marketers and retailers identifies winners in a range of categories. Designed to showcase the West Coast's best point-of-purchase (POP) displays, the competition presents awards in 23 categories. Special awards are presented for Best of Show, Best Original Art, Best Photography and Best Structural Design. Retail displays are judged on quality, creativity, innovation, and perceived ability to increase sales and make products enticing and memorable to consumers. The SF POP Show is held every fall and is sponsored by POPAI. For more information visit www.sfpopshow.com. 2 Employees.

Tia Stoller
(510) 658-9771
tia@stollerdesigngroup.com

Stoller Design Group is a graphic design firm with a knack for creating beautiful print, identity, web and multimedia projects. We consistently produce outstanding work for a diverse clientele, applying creative ideas to unique and far-flung challenges.

At SDG, we think about design from the ground up. That means working closely with our clients to establish objectives and develop powerful design solutions. Our philosophy is simple: listen carefully, think strategically, interpret creatively, and implement effectively.

The resulting designs boldly and unforgettably speak to our client's audience.

Our projects are fresh, enduring, and resonant. We take our work very seriously, but we don't take ourselves too seriously. We build relationships with our clients that last. 2 Employees.

TC Printing has been in business since 1989 with a prime location in downtown Sacramento. We are a full service commercial printing company with both digital and offset capabilities. Our business is growing in this time of adversity in our industry and we will continue to look to future growth with the continued improvements in today's technologies. We are on the cutting edge of our industry and continue to upgrade equipment and our knowledge.

In a business driven by speed and cost, what perhaps differentiates us most, is the personal attention we give. Working together as a team, our staff listens closely, responds instantly and stays true to budgets and time lines.

You could go anywhere for our custom printing needs, but you will never find a more service-conscious resource than TC Printing.

Our staff comes from years of experience and turns out quality products day after day.

You get what you, want every time. 4 Employees.

Seven years before the Civil War we were printing. Four generations later we are a state-of-the-art, direct image, waterless, full service printing facility. We provide high quality precision color and just-in-time delivery, using organic inks on recycled paper. We have won numerous PIA Gold Awards and the Premier Award for environmentally sound printing.

Unisource is one of the leading distributors of paper, packaging, and facility supplies in North America, offering the most comprehensive suite of products and services in the industry. As the 21st largest private company in the U.S., we are financially strong and well-positioned for growth. But, more importantly, Unisource is a company of good people who take pride in their work.

Unisource supplies commercial printers, publishers, and a broad range of industry segments with the leading brands of paper and imaging supplies. We also sell our own private label brands that offer quality at an affordable price. Our products meet customer needs across the full range of business paper for all communications applications. This includes books, catalogs, manuals, forms, brochures, booklets, letters, newsletters, flyers, reporting, advertising, and direct mail.

Unisource stocks the largest Paper inventory in Northern California with four distribution centers in Pleasanton, Sacramento, Reno, and Fresno.

Lonely printer seeks long term relationship with publishers of all types; newspapers, magazines, catalogs, annual reports, event schedules, newsletters, manuals and more. We are fun, smart, creative, skilled and well equipped. We know you've been with other printers. They took care of your basic needs, but we seek a more nurturing relationship in which we each help the other achieve our true potential. We enjoy traveling and have trucks all over California. Many publishers find with us they only need one printer, while we, frankly, print around. Call or E-mail and we'll send a list of partners who will share how well the relationship works. Then, we'd love to buy you lunch, or just meet discreetly in your office. Take the plunge and see how fulfilling it is to be involved with Western Web. 32 Employees.

With sales of \$17 billion, Xerox is the world's largest technology and services company specializing in document management. We enjoy nothing more than watching our customers succeed. That's why Xerox has spent years developing what is now the industry's broadest portfolio of products and solutions:

- Color and black-and-white digital printers and presses
- Wide-format and continuous-feed printers and copiers
- Business development tools to help grow profitable digital business
- Publishing solutions for books, on-demand documents, transactional applications, personalized printing and more
- Workflow software to simplify how print jobs are created and managed

Xerox's printing strategy is centered around helping our customers produce an ever-increasing array of applications like books and manuals, personalized collateral, direct mail, promotional and transactional documents, hybrid offset and digital applications, and emerging digital applications such as packaging and photo specialty products. 100 Employees.

Currently the largest manufacturer of synthetic papers in the Western Hemisphere, YUPO's technical superiority, its unique attributes and the many applications for industry and design make YUPO the only choice and the best choice. We stand behind all of our papers with customer service and technical teams that make every single YUPO project your very best yet. We can give you "hands on" support - from planning and qualifying trials through final production. With YUPO, you never walk alone. You walk in a waterproof, tear resistant, made-to-perfection synthetic universe. 5 Employees.

Janet Osterdock
(916) 939-8025

janet@zoomcrossmedia.com

At ZOOM Cross Media we lead the region in integrating the best of traditional and social media marketing. Our experts combine custom packages that plug-in to business and non-profits as way to power-up communication with clients and prospects. We do this by creating two-way communication across different platforms, which help to identify marketplace opportunities and build product loyalty.

Services include: direct mailing services, direct email marketing, social media marketing, SMS text marketing, minisite design, and website content management.
